Don't forget to send that very important thank you to the sponsoring vendors for supporting our conference. You will find their contact information in the Proceedings Manual.

Ice Breaker Social Wrap-up

This event was a great success! Everyone enjoyed the ice cream (chocolate, vanilla, and strawberry with a variety of toppings) and drinks. Steve held the door prize raffle in three segments with about 25 in each of the first two segments, and around 35 in the final segment. Cheryl Wester and David Stewart had a lot of fun and got their exercise for the day by delivering the prizes as they were won. They may have covered about a half mile by the time it was all finished. The prizes ranged from "squishy" balls to some nice software.

Everyone got into the spirit of the evening and visited with many people. And making some new friends. I enjoyed a very nice time with three gentlemen who had a lot of good stories to tell. It was fun swapping a few yarns in a very relaxed atmosphere.

Make a New Friend today!

Try to sit with someone you have not met before, or whom you barely know, at each of the meal sessions. You might be surprised at the common interests you have and make another great friend.

Daily Reports Friday 1/5/07

WELCOME to the 2007 APCUG Annual Conference. We have 220+ attendees from 91 User Groups, including Australia. The Regional breakdown is as follows:

- Region 1 - Seven attendees from 3 user groups
- Region 2 - Seven attendees from 4 user groups

 Awards will be given tonight at the Vendor Faire.**

8:00 am – 11:00 pm
 Capri 105

First-time Attendee Session

Over 60 people attended this very informative session. It was a question and answer type session with several members of the Conference Committee sharing from the years of experience at the conferences. Information about the Education Session locations and how to find your way around to the meeting places within the hotel were very helpful. Information about transportation to the Consumer Electronics Show (CES) and what to expect was also shared with some warnings about some of the things to be prepared for, and information about walking distances.

THANK YOU!

Don't forget to thank the members of the *Conference Committee* for their many hours of work to insure the success of this APCUG Conference 2007.

They spent many hours leading up to the conference and are still hard at work making sure everything is in place for everyone to have a great time.
