Computer Booters of Sun Lakes is a non-profit organization established to aid personal computer users in Sun Lakes in achieving maximum results from their home or small business computer. We are computer users sharing information and camaraderie.

We are members of the following computer user group associations: APCUG (Association of Personal Computer User Groups, Inc.) and AZacc (Arizona Alliance of Computer Clubs) and benefit from their resources and ideas.

To learn more about these organizations, go to: <http://www.apcug.org> or <http://www.azacc.org>.
